PROFESSIONAL SUMMARY

As a passionate **web developer** with 6+ months of hands-on experience as a Junior **Front-End Developer**, I possess technical skills in **React**, **JavaScript**, **HTML**, **CSS**, and more. Currently participating in the 11-week, 350+ hour Generation Junior Web Developer Program, I am gaining practical experience in programming fundamentals, **developer tools**, and problem-solving. With a dedication to quality and a self-motivated work ethic, I am excited to continue growing and developing my skills in web development.

TECHNICAL SKILLS

W3Schools JavaScript Certification (in progress; expected date of completion 06/2023)

- HTML
- CSS
- React.js
- MySQL
- Node.js
- Bootstrap
- Unit Testing with Mocha
- TailwindCSS

EXPERIENCE

Seminaut Digital Solutions | San Marcos, TX | Oct 2022- present

Position Title- Junior Front-End Developer

- Successfully completed assigned projects within stipulated timelines mostly every 2 weeks by developing and implementing efficient code.
- Developed a showcase feature that allows users to add their favorite items by utilizing **React hooks** and **API** calls to obtain user data and update the system in real-time, thereby enhancing the user experience, improved user engagement and retention
- Utilized **Figma** to design a partial social media page, including the development of a live feed section that improved the user experience.
- Collaborated with team members to identify and troubleshoot software bugs, resulting in a more stable and efficient product.
- Implemented **responsive design** principles to ensure that applications were accessible user-friendly across a variety of devices and screen sizes.
